Dreams Come to Life in Mareck Dance's Fall Performance 'Elevate'

COLUMBIA, MO – 10/9/23 – Mareck Dance is thrilled to announce its highly anticipated 18th Annual Fall Performance, 'Elevate.' This captivating event will take place on November 3rd and 4th, 2023, at the historic Missouri Theatre, presented by the University Concert Series.

'Elevate' is set to continue Mareck Dance's tradition of pushing the boundaries of contemporary ballet and will include world premiers created by an extraordinary group of choreographers. Along with Artistic/Executive Director Karen Mareck Grundy, the lineup features Resident Choreographer Kristopher Estes-Brown, Company Dancer Nathan Crewe-Kluge, and Guest Choreographer Colby Damon.

Damon's visionary choreography takes audiences on a journey through the realms of dreams and fantasy. In a novel approach to artistic expression, Damon collaborated closely with the dancers, drawing inspiration from their recurring dreams. "Dreamscapes provide a fascinating narrative arc that resonates individually and universally," Damon explains. "Almost everyone has experienced dreams filled with running, mysterious figures, giant objects, or peculiar family members acting strangely."

As dreams blend with reality on the stage, 'Rosie in My Dreams' promises to transport spectators to a world where imagination knows no bounds.

In an evening that promises to enchant and captivate, Mareck Dance invites you to embark on a unique journey that transcends artistry and leaves a lasting imprint on your soul. Do not miss the extraordinary Mareck Dance 18th Annual Fall Performance, 'Elevate,' where Colby Damon's dreamscapes take center stage, bringing dreams vividly to life.
